

Covid-19, Care Act and Changes to your FSA plan

Dear Valued Client,

As you may know, the COVID-19, Care Act, was signed into law on March 27, 2020.

This relief bill included a provision making the following items eligible under your FSA plan, without the need for a prescription from the participant's physician:

- Over-The-Counter, OTC, medicines, and
- Menstrual care products

The merchants are currently working to update their systems, so that these items may be purchased with a participant's debit card at the time of purchase. Unfortunately, we do not expect merchants to have their systems updated until April 15th for the OTC medicines, and not until May 15th for menstrual care products.

If your participants purchase these items, before the merchants are able to update their systems, they can submit their receipts for these items, with the Flexible Spending Claim Form, for reimbursement using one (1) of the following options.

- Wealth Care Portal at: <https://employeeplans.wealthcareportal.com>
- Email at: fsa@employeeplansllc.com
- Fax at: 260-625-7530
- US Postal Service: Employee Plans, LLC, 1111 Chestnut Hills Parkway, Fort Wayne, IN 46814

We do appreciate your patience as the merchants work to update their systems.

If you have any questions do not hesitate to our Customer Service Department at 800-964-7444. We are here to serve you.

Respectfully,

Anna Bash, MBA, ALHC | Claims Services
